MEMORANDUM FOR THE RECORD

SUBJECT: Meeting of the Warning Working Group

X1 1. The Warning Working Group met on 2 February 1979 at Langley. [ ] attended for Ted Shackley.

2. The Chairman distributed a new draft paper on the Strategic Warning Staff and asked for comments by COB 9 February. He noted that the agreed upon footnote had been omitted, but would be included in the final. A copy is being sent to Resource Management Staff for comment also, because the paper does deal with SWS strength.

3. The bulk of the meeting was devoted to discussion of strategy on NIT II.1:

X1 -- [ ] presented a proposal for validation of NIE 4-1. After some discussion and modification, this was accepted.

-- It was agreed that any work on cover concealment and deception beyond that required for 4-1 would be deferred pending clarification of Community responsibilities for CC&D. No great enthusiasm was expressed for greater Working Group involvement in the subject.

X1 -- [ ] was requested to provide new language on WISP for inclusion in a revised strategy.

-- The Chairman agreed to formulate a new strategy paper from the basis of this discussion and submit it to the Working Group. He would include a suggestion of how the various projects would be carried out.

4. Another meeting was tentatively scheduled for Friday, 16 February at 1315 hours in Room 7E-62. This meeting will be devoted to the SWS paper if that proves to be necessary. If the new strategy paper can be prepared in time for dissemination a day or two before the meeting, then it, too, should be discussed.
